

John Pitts' hugely successful *Recorder from the Beginning* teaching scheme has a straightforward, easy-to-follow approach with attractive collections of well-known and original tunes. This new full-colour edition contains old favourites featured in the classic editions plus exciting new material! The beginner books are specially written for 7-11 year olds. The additional graded repertoire and ensemble books will appeal to players of all ages.

No previous knowledge of the recorder or music is needed in order to begin playing with this specially written recorder course – it's all covered in the books!

The Teacher's Books include simple piano accompaniments, guitar chord symbols and performance suggestions for classroom percussion.

Pupil book & CD editions provide demonstration tracks and interesting accompaniments to help encourage practice and performance.
